INTERNATIONAL RELATIONS, COOPERATION AND INTERNATIONALISATION

More than 200 worldwide partnership agreements
More than 300 Erasmus + agreements

200 incoming foreign exchange students per year
300 outgoing exchange students per year
280 students performing internships abroad per year

Extensive experience in European projects:

- Erasmus +
- Erasmus Mundus
- Intra Africa programme
- Erasmus + Capacity Building
- Erasmus + Strategic Partnership

Member of International Networks:

- SGroup European Universities Network
- AUF - Agence universitaire de la Francophonie
- UNIMED - Unione delle Università del Mediterraneo

Short-term programmes for students, faculty and staff:

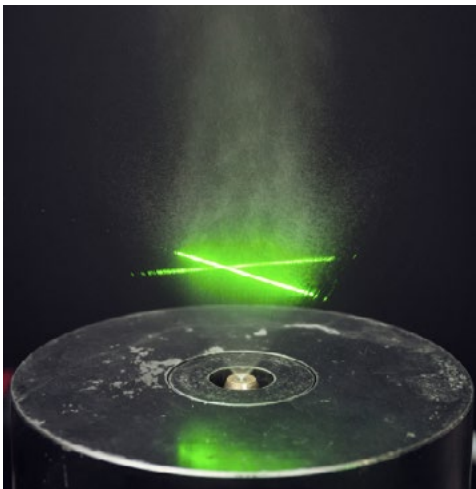

- Specific topics (history, science, health ...)
- French as a foreign language
- Staff Training Weeks

Internationalisation of diplomas:

- Academic offer in English
- Full Masters in english
- Joint and double Master degrees
- Diplomas offshore

RESEARCH STRATEGY

Research at the University of Rouen Normandy is structured around 5 main interdisciplinary areas of research conducted by 37 Research Units:

- Chemistry, Biology, Health
- Environmental Science
- Energy, Propulsion and Materials
- Human and Social Sciences
- Mathematics, Information processing and computing sciences

On a regional scale, the University of Rouen Normandy features 6 federations certified by the French CNRS (*Centre national de la recherche scientifique*).

The University is also a member of:

- **Carnot Institutes (Research Excellence and Professionalisation):** Energy and System Propulsion (ESP), and the Consortium for the Acceleration of Innovation and its Transfer in the Lymphoma field (CALYM)
- **2 Labex (Laboratory for Research Excellence):** Energy Materials and Clean Combustion Centre (EMC3) and Organic Syntheses (SYNORG)
- **1 Equipex (Equipment excellence):** Study and Nanoanalysis of Irradiation Effects Group (GENESIS)

The University of Rouen Normandy also proposes:

- Membership and participation in regional business clusters and networks
- 3 laboratories jointly operated with private manufacturers
- 3 Ibisa certified technological platforms
- Partnerships with the Rouen University Hospital and the Henri Becquerel Centre for Cancer
- Shared structures like the Medical Training Center (MTC) and 2 foundations

Key Figures

- 840 professors/researchers (including 6 members of the IUF)
- 8 Doctoral Study Programmes accredited by Normandie Université for 2,200 post-graduate students (including 860 enrolled at the University of Rouen Normandy)
- A research budget totalling € 23 million
- Partnership agreements in the amount of € 1.8 million
- 43 active patents

MODULO MONDE

Modulo Monde's main mission is to welcome and assist newly arrived international students in the application process for first-year Bachelor's degree programmes through second-year Master's degree programmes (excluding those within the framework of inter-university agreements and exchanges). During the enrolment period, a special desk is devoted to assist newly arrived international students with the admissions process as well as all of the administrative formalities for studying in France.

With the authorization of the Préfecture de Seine-Maritime and to simplify administrative procedures, the Modulo Monde Desk also assists the University's international students in renewing their current French residence permits.

Each year, we welcome approximately 300 newly arrived international students and assist 860 international students in applying for or renewing their French residence permit.
